On 22nd October 2019, our school participated in the inter school wall art competition held at the Manav Bharti School , Panchsheel park , delhi . Our students **Swapnil chakraborty, Jeevansh Rathore , Ayush verma and Suhani Bharadwaj of class X-A** stood **3rd** in the competition . The theme for the competition was "**You are the creators of your own destiny** ", and the medium to be used were the acrylic colors. Our creative students painted the theme giving it a positive twist and depicted the challenges in life as a bed of flowers leading to their desired goals. The humans being the honey bees resembled the flying spirits which can choose among the ocean of opportunities coming in their way.

Our student's work was widely appreciated and were well received.
