

Plenary Session-Global Summit on UN SDGs 2020

The United Nations adopted 17 Sustainable Development Goals in 2015 to achieve by 2030. Each goal focuses on a different social issue that hampers with the growth of global development.

Thus, an Inter-school competition was held at ASN Sr. Sec. School, Mayur Vihar on 27th & 28th July 2020 where a Plenary session was held. **Aditri Sahni of X-B and Mitali Singh of X-C**, participated in SDG 4 which focuses on Quality Education & attained **1st position**. The competition was conducted on MS Team platform where the students represented the Commonwealth of Australia.

As Dalai Lama says, "Education needs not only to develop our intelligence, but also to support the basic human values of warm-heartedness and compassion". Thus, on the similar lines, Australia focuses on health, academics, sports and overall growth of students.

After extensive research, the students prepared themselves for the session & participated in the open forum. Fellow participants made good, strong arguments and debated professionally. The judges were experienced and helpful. The competition was organized and open to all thoughts and discussions. After 2 days of intense debating and forming individual resolutions to help enhance the country's status and advance on a global level, the committee ended on a consensus.

The competition was interactive & informative which gave students a fruitful experience.
