

## INTER SCHOOL EVENT – FANTASIA 2020

*'Online Education is like a rising tide, it's going to lift all boats.'*

Adarsh Public School, New Delhi organised an Online Inter-school annual fest 'FANTASIA' on 21st Aug 2020. Our student Shayna Rath (III A) made everyone proud by bagging the second position in 'Oh Scrap' an online competition which required the participant to dress up in an attire made up of waste material. Shayna made a colourful and attractive costume using used paper cups, cardboard and egg trays. Her costume was relevant and complimented the theme. She also recited a poem on the topic "Reduce, Reuse and Recycle" with full zeal and enthusiasm.

Our student Shreya Joshi (V A) emerged victorious and made us all proud by bagging the third position in the event -It's a small world (theme- India's International Relations). In this competition the participant had to choose a country and explain the content with the help of PPT and graphic representation. Shreya created a beautiful presentation and spoke enthusiastically about India's international relationship with Switzerland. She discussed about the history of India's relationship with Switzerland, business, cultural relationship and joint ventures of both the countries.
