Inter-School Online Competition

On 29 October 2020, an online programming competition was conducted by Mount St. Mary's School,Delhi Cantt. through HackerRank and Discord server.Our school team consisting of Aarushi V Parida and Rishika Mukherjee of class XII D secured the third position.

All the teams were given 45 minutes to solve 6 programming questions of varying difficulty. The questions tested comprehension, logical ability and coding competence of all participants. This was a great platform for the students to apply their programming skills in simulated real life problems.

Our team participated with zeal and enthusiasm, and after 45 minutes of rigorous programming, they bagged the third position.

Aarushi V Parida, XII D   Rishika Mukherjee, XII D
