

MODEL MAKING – MATHS DEPARTMENT

Air Force Golden Jubilee Institute- Confluence

An Inter school competition of Model making was conducted by Air Force Golden Jubilee Institute. It was conducted by the maths department on the topic **A – Symmetrical** . A team of two –Chaitanya Mangla of class VII D and Harsh Kumar of class VIII A had participated in the competition and won the **first prize** in the same. They had made a model of The Qutub Minar an example of a symmetrical monument in a very creative manner. It's a proud moment for the school to have students with such innovative ideas and high level of excellence in craft work.
