**Tagore International School, East of Kailash**

Anshul Ruhil and Mehar Mehroke of Class XI D bagged the second prize in Sounds of Silence, a wordless dramatization event which was part of the TAGFest 2018, organized by Tagore International School, East of Kailash on August 29, 2018. The students were provided with two objects and were asked to create a dramatic episode which would be scripted. The script was handed over to the judges. The abstract elements of the objects, the symbolism and the metaphoric significance had to be displayed in the enactment. The competition was tough as top schools of Delhi participated in the event yet our students performed well.
